

A Seventeen Year Tradition of Excellence

Participant Comments from SORLA 2017

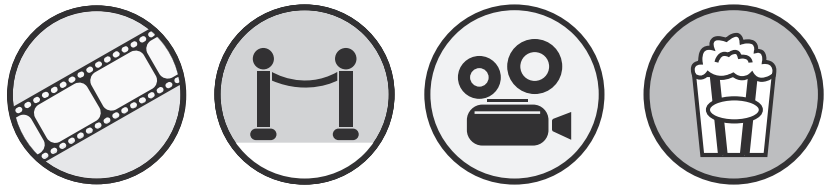

Re: Struggling Readers: "I gained so much from this session. I have pages of ideas and love the resources that were shared. Thank you for a wonderful session!"

Re: Waking Up White Book Study: "Please keep book studies about cultural understanding in future SORLA offerings. Since about all the educators at the SORLA sessions were white we still need to work on raising the awareness of white privilege and how that informs our teaching and may/may not be helpful to the children of color that we teach."

Re: Tugging on Superman's Cape: "This session was thoroughly insightful and very engaging. I learned a great deal about addiction, mental health and how to help students in the classroom who are dealing with trauma."

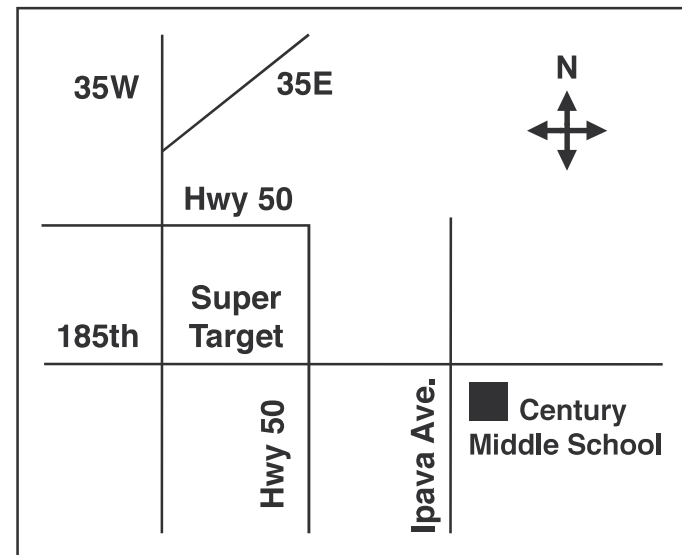

Re: APPmazing Race: "Loved this Session! Favorite by far. Active learning and moving around, practical and fun."

Re: Guided Reading. "This was an excellent course with an exceptional instructor. Great engaging conversations, visuals, handouts. The breadth and depth of information was invaluable! Please have this course and instructor available SORLA 2018!"
